Accordingly, the following changes are made:

1. Under Section H - Special Contract Requirements, insert the following clause:

TITLE TRANSFER OF ALL WORK AT NAVAL AIR STATION ROTA, SPAIN

1. The contractor agrees to insert the following clause in its subcontract with Telphonica for the work to be performed at Naval Air Station Rota, Spain:

"Upon Telephonica's completion of the work covered by this subcontract, Telephonica will transfer full title to the U.S. Government of all new Information Technology (IT) infrastructure, including trenching systems, conduit, fiber optic cabling, copper cabling, telecommunications equipment, manholes, and other new IT materials ordered by the U.S. Government under its Base Level Information Infrastructure (BLII) prime contract N68939-97-D-0041, order NS40, with General Dynamics and installed by Telephonica pursuant to this subcontract. Telephonica agrees that the U.S. Government has the right of direct action against Telephonica to enforce the provisions of this clause."

- 3. By requiring the above, the Government does not waive any of its rights or remedies under this contract, including but not limited to, those provided under the Default clause of this contract.
- 2. The above change results in no change to the price of this order. Except as modified above, all other terms and conditions of this order remain unchanged and in full force and effect.
